

PrestigePEO Partners with Norton Benefits to Offer LifeLock

Long Island, New York, September 23, 2020 – PrestigePEO, a leading professional employer organization (PEO) that partners with small and mid-sized businesses throughout the United States to deliver full-service HR solutions, is excited to now offer LifeLock with Norton as part of our employee benefit offerings to our clients and their employees.

Information shared on the Internet can easily put anyone at risk. As the world becomes increasingly digitally connected, cybercrime is at an all-time high. LifeLock with Norton is an all-in-one cybersecurity solution that blocks digital threats like malware, viruses, identity theft, and more. It combines industry-leading identity theft protection with trusted device security from Norton to provide unbeatable protection against all kinds of cyberthreats.

LifeLock with Norton is now available as an optional employee benefit to all clients, enabling employers to offer their employees greater peace of mind.

PrestigePEO is dedicated to continuously improving critical HR functions like employee benefits, payroll, legal compliance, and more for our clients. We're excited to enhance our employee benefit offerings and deliver greater value to our clients and their employees with the addition of LifeLock with Norton. Contact PrestigePEO today to learn more about LifeLock with Norton and all of our employee benefit services.
