What is ClearCompany?

- ClearCompany Performance Management is the industry standard in performance tracking/management software.
- Clear is a web-based software platform with an API and it is fully integrated with PrestigePro.
- Employee data syncs with PrestigePro every few minutes, so once we set up the shell of the client in their system, the API will pull in all employees, departments, roles etc.
- The systems team at Prestige will work with you directly to implement and support the product.
- The product will be configured based on your needs as a company and the types of reviews, custom content, and surveys you need in place.

Prioritize Goals

- Enables clients to seamlessly design, automate and manage any type of performance review, including annual reviews, 30/60/90-day reviews, and 360 reviews for peer feedback.
- Set goals for individual employees and align goals with managers' goals/overall company initiatives.
- Provide performance coaching.
- Utilize the system for documented support during reviews.
- The robust review reporting will identify trends for areas of improvement to increase employee retention.
- Encourage employee engagement with company surveys and peer/manager shoutouts.

 PrestigePEO™

PrestigePEO & ClearCompany

- Prestige partners with ClearCompany to provide a seamless implementation into using their product with the direct internal support our clients have come to expect from Prestige.
- PrestigePRO is fully integrated with ClearCompany via an API integration.
- Single Sign-on into ClearCompany will be available via both the Prestige Employee and Manager portals.
- As an HR/compliance company, PrestigePEO aims to keep our clients compliant in all areas. The best practice for performance management is an electronic system that stores and reports on performance data which benefits both the employer and the employee. Adopting a system that is tailored to your company/employees will identify top performers that deserve recognition, as well as those that may be struggling or in need of support, all of which will ultimately increase employee retention and engagement.

Current Bullseye Clients

- Prestige's agreement with Bullseye will be ending in mid-April 2022. At that time, Prestige will no longer support the Bullseye system. Any client currently using Bullseye who wishes to stay with Bullseye, will need to contact Bullseye and contract with them directly. There will be no direct integration between our Prism system and their new Bullseye instance.
- Clients that are heavy users of the Bullseye performance system that want to transition to ClearCompany should let us know sooner rather than later to avoid service gaps.
- All appraisal history and any other relevant info from Bullseye will need to be downloaded by the client and saved on their company servers. If a client needs Bullseye info imported to ClearCompany, we will be able to upload those docs to the employees' profiles. This means that a past appraisal from Bullseye wouldn't be located in the Appraisals "section" of Clear, but at least it would be stored in there
- If a client on Bullseye lets us know in December/January that they want to switch to ClearCompany, the systems team will be able to get it up and running by February or so, avoiding any gaps where they don't have a Performance system. If they wait until March/April to move forward, they may not be live with ClearCompany until May/June.
- Lastly, there is no minimum time commitment to keep ClearCompany once the client has signed up for it. Clients are not locked into any length of time in the terms & agreements. They may discontinue at any point.

Implementation Timeline & Cost

- ClearCompany is \$4 per employee per month. If a client adds the survey solution, pricing is \$5 per employee per month.
- There is an implementation fee based on employee count, \$500 for 1-49 employees, \$1,000 for 50+ employees.
 - *This fee is waived for any current Bullseye client that transitions to ClearCompany in 2022.*
- Fees for ClearCompany are billed by PrestigePEO and included in our payroll invoices. Billing will always take place on the first payroll of each month.
- A typical implementation can take 3-6 weeks depending on the client's needs, the types of reviews/surveys and the content they need in ClearCompany.

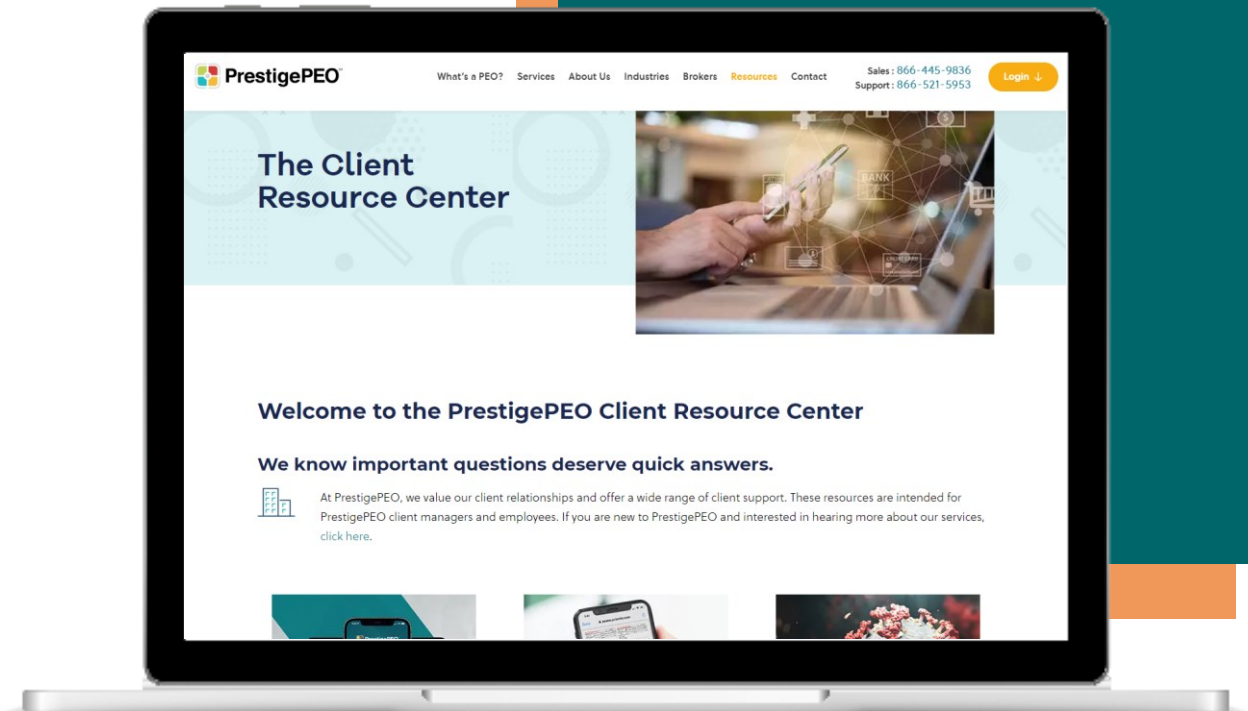

Want a Demo?

- If you would like to schedule a demo of ClearCompany, reach out to your HRBP and they will submit a demo request.
- After the request is submitted, you will receive an email to advise your availability for a demo, and then you will receive a RingCentral meeting invite once the date/time is confirmed.
- The system demos usually take about 30 minutes or less and can be recorded and shared if needed.
