

Mobile Tracking

TIMECO provides a state of the art mobile timekeeping with GPS tracking for validation. Confirm your employees location when they punch, transfer, etc.

Prevent Time Theft

Restrict employees from clocking in or out from outside the virtual perimeter.

Custom Virtual Perimeters

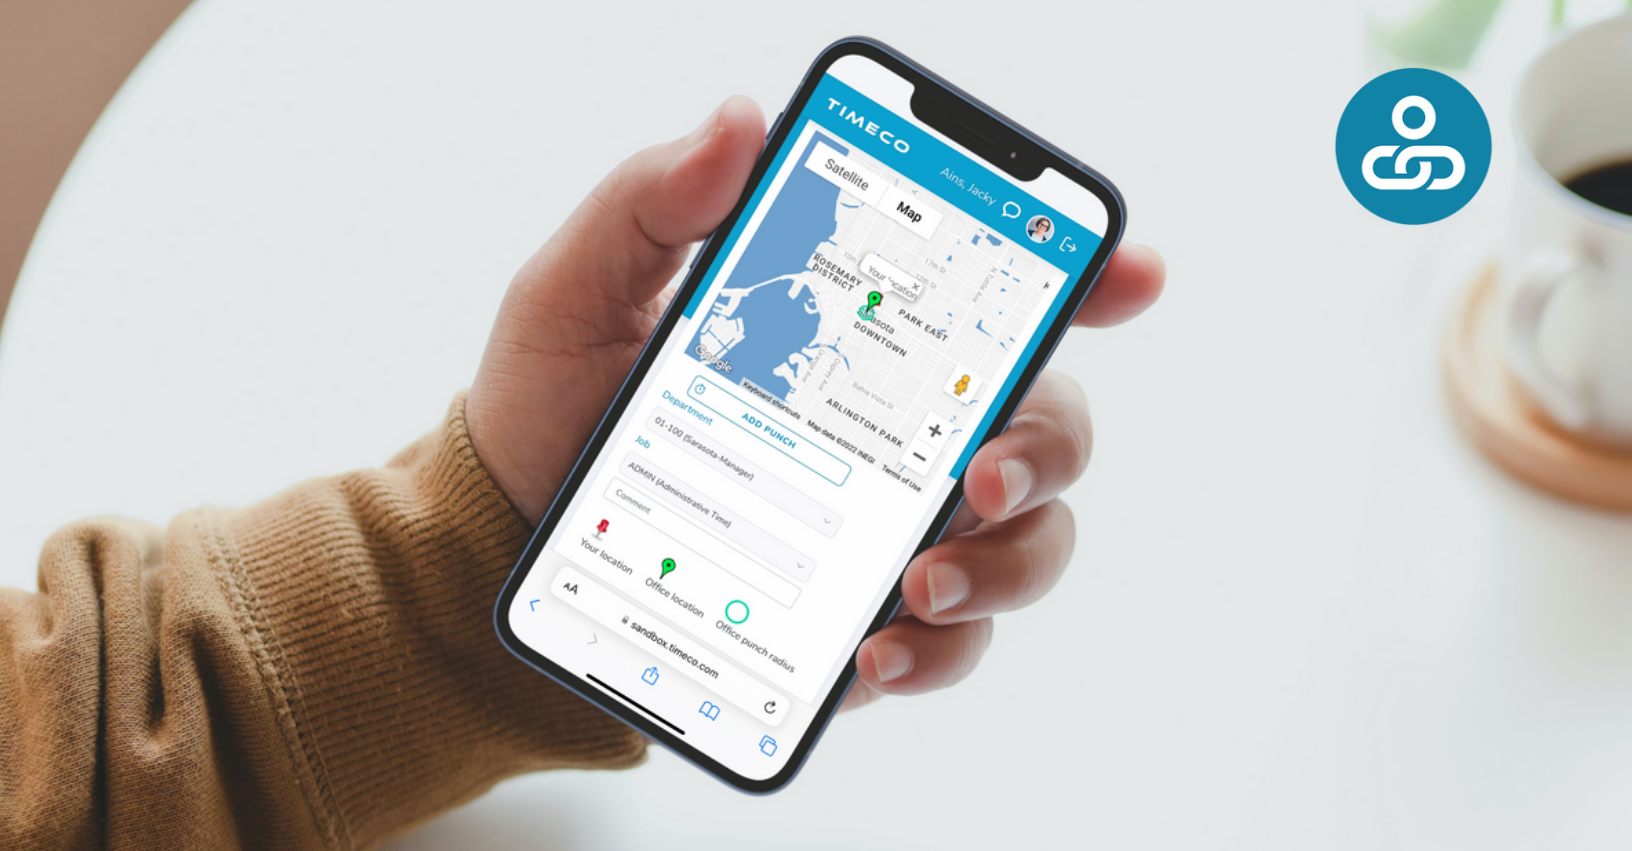

Set up a radius around an individual point where employees must clock in.

Confirm Employees Location

With a tap on the screen, know exactly who is clocked in and where.

Cross Platform Functionality

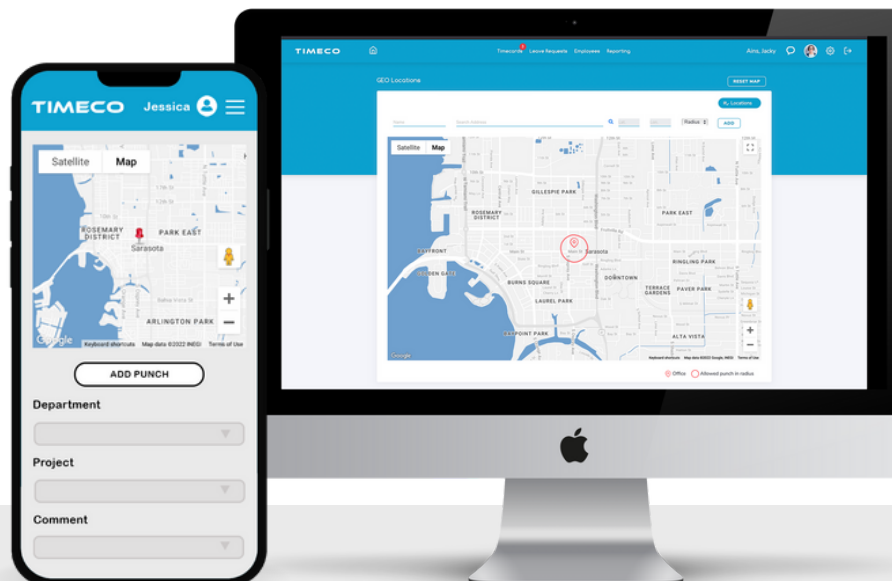

Work across multiple types of platforms or operating environments.

Timekeeping Made Easy

TIMECO offers a modern solution to tracking employees time. Instead of wasting time and money using programs like Excel, or even worse, a pen and paper, TIMECO offers a modern solution to improve accountability, eliminate excuses, and track time easier.
