

Easy Scheduling

TIMECO offers an employee scheduling feature that is efficient and intuitive. Your schedule is busy enough, you shouldn't have to spend more time than necessary reviewing your employees schedules.

Daily Review

Using our customized dashboard, you can easily look at your employee's schedule, and employees can quickly trade and swap shifts.

Functional & Flexible

Our scheduling software can be easily integrated into your existing platforms while allowing employees to take more control of their own schedules.

Leave Request

Employees can request time off quickly, whether it's PTO, sick leave, or simply unpaid time, our software is easy for both you and your employees.

Mobile Timecards

You and your team can punch in and out from your favorite smart devices. Eliminate your outdated time management system, and don't bury yourself in paper timesheets.

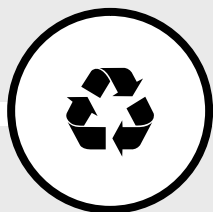

Schedule Easy

Staff the right way the first time with our smart software that manages the data sets you need to make right staffing decisions.

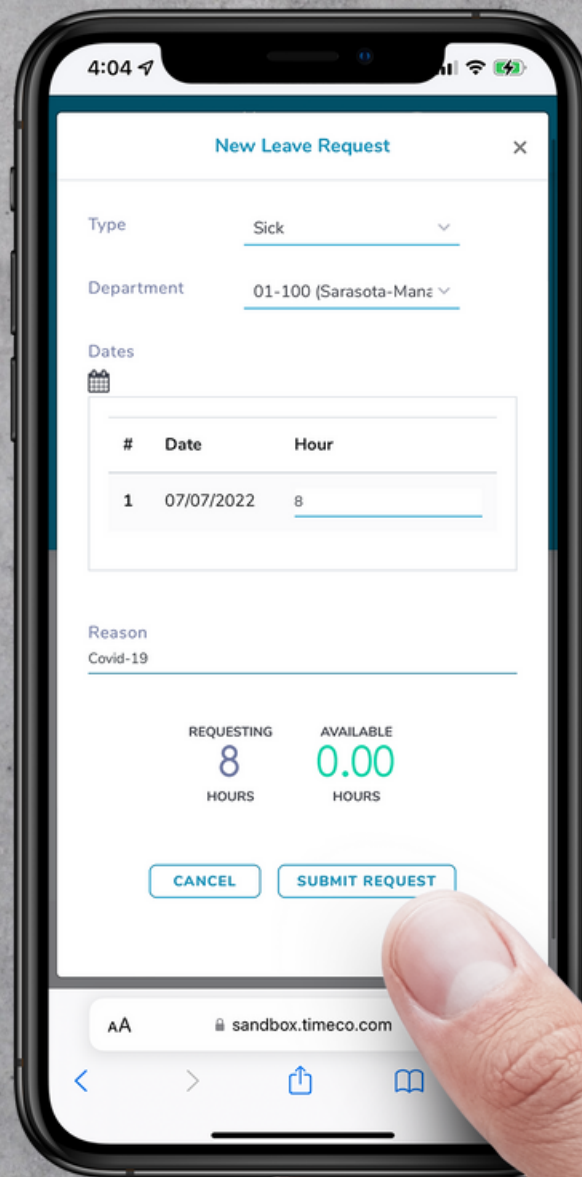

Empower Employees

Keep employees happy by putting them in charge of their schedules. If someone needs to swap shifts, they can do it themselves.

Manage Efficiently

By tracking and creating your team's schedule, you're creating opportunities for saving money. With an accurate set of data, you can build more accurate budgets.
