

Get rewarded for exercising

With the Oxford Sweat Equity® program you may earn up to \$200 in 6 months for meeting the program exercise requirements.

What it is

It's our goal to help people live healthier lives. Making exercise a part of your routine may be one of the most important steps you take toward being the healthiest "you." To help you on your way, we've created the Sweat Equity physical fitness reimbursement program.

The program offers a variety of exercises to choose from and the option to combine your fitness facility visits with your physical fitness classes and events to help you reach the required 50 workouts in a 6-month period.¹

How it works

As an eligible Oxford subscriber, you may get reimbursed up to \$200 in a 6-month period.² You can apply for reimbursement under the program as long as you:

- Are an active subscriber of an eligible Oxford plan
- Have gone to the gym and/or exercise classes, as described below, 50 times in 6 months

Your reimbursement period begins on the date of your first fitness facility visit, class or event and ends 6 months later. You can start a new reimbursement period 1 day after your previous reimbursement period ends.

* For the spouse, domestic partner or dependent children to be eligible for this benefit, they must also be enrolled members of your Oxford health plan.

Rewards for participation

Subscribers: May earn up to \$200 in a 6-month period;² up to \$400 in a plan year when you participate for 2 consecutive 6-month periods.

Spouses/partners and dependent children ages 13 and older:* May earn up to \$100 in a 6-month period;² up to \$200 in a plan year when they participate for 2 consecutive 6-month periods.

¹ To be eligible for reimbursement under the program, the qualifying facility, class or organized group fitness event (e.g., marathon) that you choose must be available to the general public and promote cardiovascular wellness, as determined by us, and have staff supervision. Memberships in tennis clubs, country clubs, social clubs, sports teams, weight-loss clinics or spas or any other similar organizations, leagues or facilities will not be reimbursed. You will not be reimbursed for lessons, equipment, clothing, vitamins or other services that may be offered by the facility (e.g., massages). Reimbursement is limited to actual workout visits. Physical and rehabilitative therapies do not apply.

² Reimbursement is generally limited to \$200 per subscriber and \$100 per covered spouse/domestic partner and eligible dependents ages 13 and older. If lesser, the actual amount of the qualifying fitness costs per 6-month period will be reimbursed. Reimbursement may vary by plan. For the subscriber's spouse/domestic partner and dependents to be eligible for this benefit, they must be enrolled as members of your Oxford health plan. Refer to your Oxford benefits documents or check with your company benefits administrator to confirm eligibility and find out how much you may be reimbursed. You may submit a request for reimbursement under the program once every 6 months (up to 2 times in a plan year). Requests for reimbursement will not be accepted before your 6-month program end date, even if you have completed the required number of qualifying workouts before this date. Rewards may be taxable. Consult with an appropriate tax professional to determine if you have any tax obligations from receiving reimbursement under this program.
