

INTRODUCING The PrismONE Mobile App

A Modern Mobile Experience for Managers and Employees

The PrismONE Mobile App delivers a modern, user-friendly mobile experience that helps managers and employees stay connected to important information and everyday tools from a smartphone or tablet.

For managers, PrismONE provides another convenient way to access commonly used information, available tools, and Messages from a mobile device.

For employees, the app provides easier access to everyday information, including payroll, paid time-off, benefits, HR information, and other key resources.

What You Can Do with the PrismONE Mobile App

Access Payroll Information

View commonly needed payroll information from a convenient mobile experience.

Review Paid Time Off

Find paid time-off information more easily on your smartphone or tablet.

Stay Connected to HR Information

Access key HR information and employee services in a single mobile experience.

View Messages and In-App Communications

Stay connected to applicable Messages and in-app communications based on your role and available configuration.

Support Manager Access on Mobile

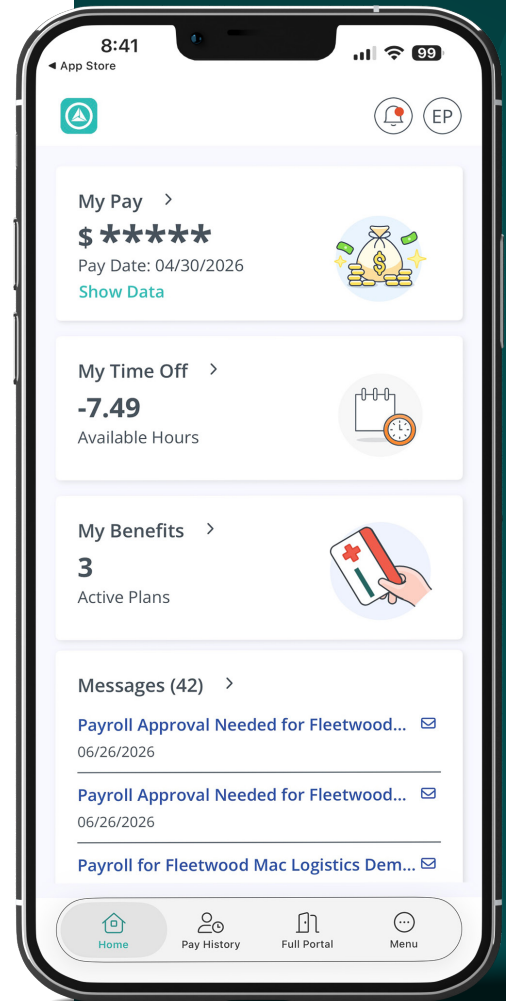

Managers can use PrismONE as another mobile access point for commonly used information and available tools, including access to applicable manager functionality through the Full Portal experience when available.

Use Everyday Tools on the Go

Stay connected to essential employee tools anytime, anywhere.

Access Full Portal Tools in PrestigePRO

If you are unable to find what you need in the PrismONE mobile app, the PrestigePRO portal remains available for full access to your employee information and tools.

Mobile Access for Everyday Work

PrismONE is designed to keep commonly used information and tools within easier reach. Whether managers are staying connected to available resources and Messages, or employees are reviewing payroll, paid time off, benefits, and other key information, the app provides a streamlined mobile experience that makes everyday access more convenient.

How to Get Started

Download the **PrismONE Mobile App** from the App Store or Google Play to begin using a more convenient mobile experience for everyday employee information.

If you have questions or need support, please contact your HR Business Partner or Payroll Specialist.
